UTC Global Balanced Fund Limited Launches in Saint Vincent and the Grenadines

For St. Vincent and the Grenadines, the launch of the UTC Global Balanced Fund Limited (GBFL) marks a new and exciting chapter in partnering with local investors to unlock long-term growth and build financial wealth. It represents more than just a new investment opportunity — it's a commitment to the people of St. Vincent and the Grenadines, providing them with the tools and expertise to secure a prosperous, financial future.

According to TTUTC Executive Director and UTC GBFL Director Nigel Edwards in his feature address on 7th November, the expansion into St. Vincent and the Grenadines signified

“a deepening of our role as partners in the Caribbean’s economic progress,”

an approach which reflects TTUTC’s dedication to financial literacy and empowerment of citizens across the region.

Edwards recalled that in 2023, TTUTC introduced three new mutual funds in Jamaica in collaboration with the GraceKennedy Group. Since then, TTUTC has further strengthened its regional footprint, entering the St. Lucian market with the UTC GBFL.

Through the UTC GBFL’s accessible and expertly managed investment options, Vincentians now have new opportunities to build financial security and achieve long-term financial growth.

To engage stakeholders, the event included an interactive panel discussion that covered the performance outlook of UTC GBFL and how it adds value to structured investment portfolios. It addressed key concerns about market

trends and risk and provided valuable insights to facilitate attendees’ better understanding of how the UTC GBFL aligns with their investment goals.

Daren Sammy, UTC GBFL Brand Ambassador and cricket icon, shared his perspective on financial discipline and UTC GBFL’s accessibility.

“The great thing is that you don’t need a fortune to start, you don’t need to be an expert to get involved. Just like in cricket, every run counts – with investments, every dollar counts.”

UTC GBFL, a wholly owned subsidiary of the TTUTC, is an investment company incorporated in St Lucia to operate as a Collective Investment Scheme (CIS) in the Eastern Caribbean Currency Union.
